More Settings - Fewer Touches

GROUNDCONTROL

AUTOMATION, ANYWHERE

GROUNDCONTROL™

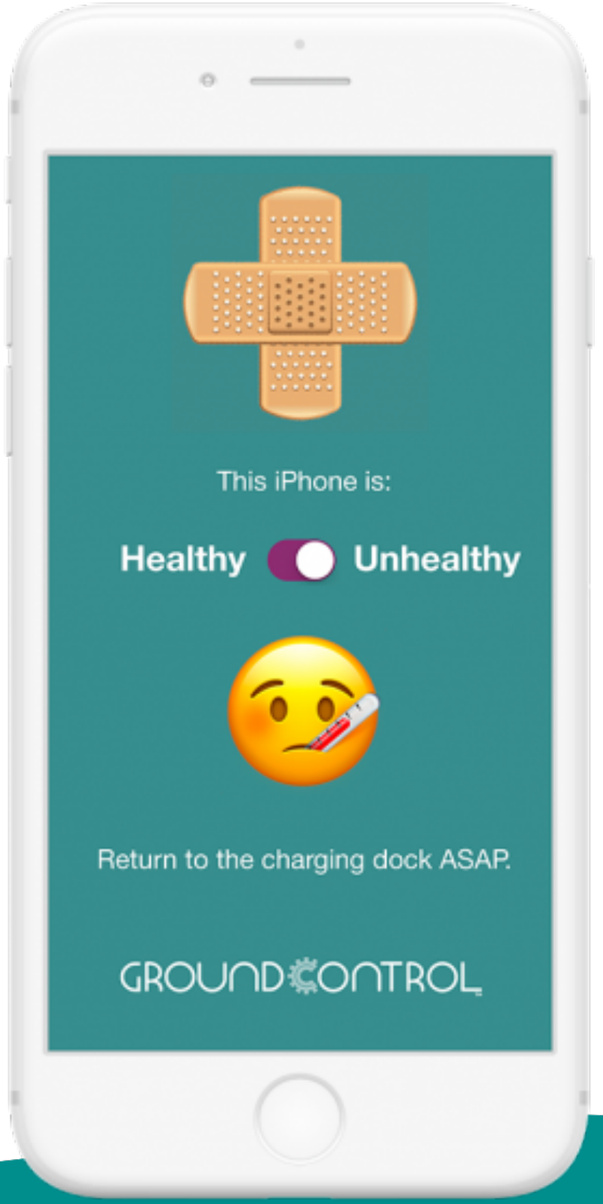
1 ***Plug in device.*** *GroundControl immediately performs a full factory reset, cryptographically sanitizing all data.*

2 ***Do nothing.*** *Say goodbye to "Hello!" All setup screens are skipped, apps are loaded and arranged.*

3 ***Ready.*** *The clean device is completely prepared for the next patient.*

GROUNDCONTROL

- Self-service device repair, without an IT ticket
- Users tap **GroundControl's Self Heal** app to flag the device as "Unhealthy"
- When plugged in, GroundControl will factory reset and re-image the device, healing any software defects



Self Healing Devices

GROUNDCONTROL

SECURE INVENTORY & IDENTITY

GROUND CONTROL™
